

Performance Art™ Graphic Acoustical Treatments

Engage the Senses...

Imagine combining the performance of a well-crafted Acoustical Treatment with a digitally printed or dye sublimation printed graphic of your choice...visual excitement and acoustical absorption all in one product.

Think of it as "Performance Art".

Whether improving the acoustical comfort in a pediatrics office, providing an inviting environment in a community center or embellishing a baffle array in a busy restaurant environment, **SOUND DESIGNS™** Performance Art™ Series Acoustical Treatments provide the very best in acoustical performance while enhancing the visual aesthetic of a space.

Our experienced, in-house design staff can help bring your graphic elements and artistic visions to life. **SOUND DESIGNS™** Acoustical Wall Panels, Baffles, and Clouds can be surfaced with a wide array of exclusive, digitally printed and perforated commercial wallcoverings and printable fabrics. Choose from:

- Koroseal Digital Grounds
- FR Polyester Fabrics
- Whispertex Textiles
- Artist Canvas

Is Square too Square?

Custom shapes and sizes are within your grasp. Panels are available in thicknesses of 1/2", 1" 1-1/2" and 2".

Start with our recycled content fiberglass cores in widths up to 60" and lengths up to 120" and the sky is the limit
