EXPRESS YOURSELF WITH MAG-RITE®

MAG-RITE

Brainstorm, design, collaborate, create: Mag-Rite surfaces make it OK to express your design vision. The first product of its kind in the Walltalkers dry-erase family of brainstorming and collaboration surfaces, the new projectable Mag-Rite (*M2PR*) from Koroseal gives you three choices for sharing your ideas and surface-scaping your vision. If you can imagine it, a Mag-Rite surface is the simplest way to express it. In a classroom, a conference room, a workplace, an athletic facility, around a column, or wherever else you can imagine it, Mag-Rite makes it OK to express yourself—from floor to ceiling.

PROJECT YOUR VISION

M2PR PROJECTABLE + MAGNETIC + WRITABLE

When a collaboration calls for projection, Mag-Rite lets your design vision shine through, in flawless high-definition. Mag-Rite's basic surface is the starting point for brilliant ideas. Impeccable resolution and high performance come together in one beautiful interior solution.

Project, Magnet, Write
Mag-Rite makes it all OK.

WRITE YOUR IDEAS

M248 MAGNETIC + WRITABLE

Share ideas. Solve problems. Teach. Learn. Mag-Rite offers a virtually seamless solution for writable surface-scapes—*from wall-to-wall and from floor-to-ceiling*. During a meeting, down the hall, in the classroom, and for years to come, Mag-Rite's exceptional performance and clean, semi-gloss surfaces make it OK to put the writing on the wall—or to erase it and start fresh.

Magnet, Write
Mag-Rite makes it all OK.

STAY ON THE GRID

M2GR GRID + MAGNETIC + WRITABLE

Some ideas need room to take shape—and some expressions need tighter organization. Mag-Rite's writable surface-scapes offer a choice. Subtle, near-invisible grid lines maintain order in hospitals, in classrooms, and even the finest kitchens. Or when you simply need a clean, blank surface for your agency or conference room, we have it too.

Align, Magnet, Write
Mag-Rite makes it all OK.

MAKE IT MAGNETIC

M248 MAGNETIC + WRITABLE

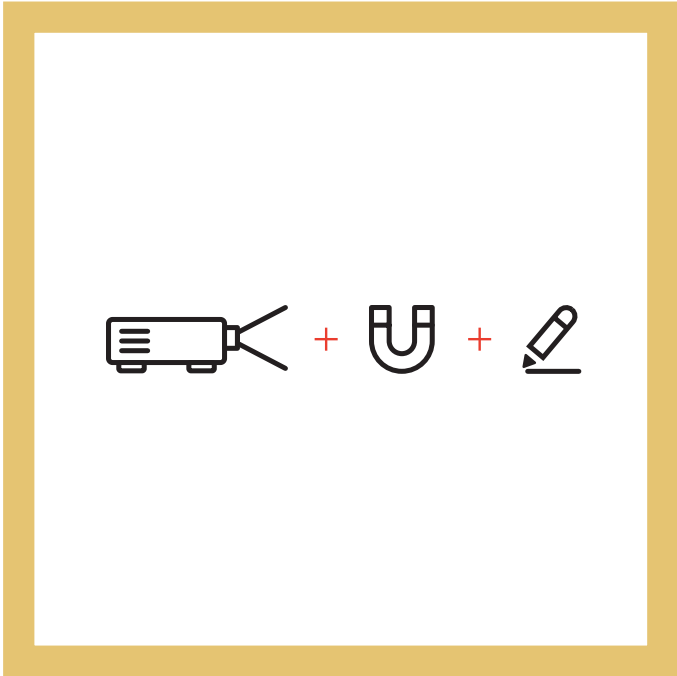

Mag-Rite's matte to semi-gloss writable surfaces are attractive—*literally*. Highly magnetic, Mag-Rite wallcoverings allow users to hang posters, charts, images, or anything else that will adhere with a magnet. Mag-Rite's high-performance magnetized surface-scape makes creativity and collaboration dynamic.

It's OK to move your ideas around, and add new ones—you'll never make a hole in your wall.

PROJECT, WRITE, MAGNET, SHARE, CREATE

Surface-scape your vision with Mag-Rite to create a virtually seamless, wall-to-wall, floor-to-ceiling presentation and collaboration surface anywhere—in a conference room, a studio, a classroom, an office, a locker room, a hospital—even on a curved wall. Walltalkers invented dry-erase wallcoverings more than 20 years ago. All Walltalkers products are laminated with a high-performance dry-erase film to create a collaboration surface that is exceptionally resistant to stains, impervious to solvents, and won't crack, chip, or deteriorate—even after years of daily use.

It's all OK with Mag-Rite.
