

Substrate: Koroseal Digital Type II Wallcovering

Digitally Printed with UV Inks

Physical Properties:

Total Weight: 21 oz. per linear yard

Fabric Weight: 3.1 oz. per linear yard

Vinyl Weight: 17.9 oz. per linear yard

Thickness: 0.018 to 0.026 in.

Fabric: Poly-Cotton Woven

Tensile (warpxfill): 50x55 lbs. minimum

Tear (warpxfill): 25x25 minimum

Fire Safety/ Life Safety/ Heat Detection:

Early Warning Effect, Life Safety, and Property Protection

Speciation/ Testing/ Certification:

Federal Specification: CCC-408-A Type II and CCC-W-408D

Wallcovering Association: Quality Standard for Polymer Coated Fabric Wallcovering W-101-2011

EU Classification in accordance with EN 13501-1:207 and prEN 15102:2007

Fire Testing:

NFPA 101 Life Safety Code: NFPA 255 Class A

CANS102M Tunnel Test Class A

NFPA 286 Corner Burn Test Class compliant to criteria of NFPA101 section 10.2.3.5.3
