Jensen
FACT SHEET

Jensen is a soft, small-scale, organic pattern evoking the look of weather-worn stone. Subtle undertones in the context of this design complement the main color story, providing depth and dimension. The soothing color palette takes cues from nature, Paper Birch is a light-toned neutral with a hint of warmth. Cement, a mid-tone neutral is like a chameleon, with a combination of both cool and warm neutrals, it takes on the tones of its surroundings. Penny is a shaded copper hue that reminds you of a worn coin, with undertones of an aged patina.
