## ACOUSTICAL SOLUTIONS

### Music to Your Ears

If you can dream it, we can help you create it. Koroseal's Acoustical Solutions allow you the flexibility to create new, breathtaking spaces, while also supporting the functional demands of your acoustical needs. Often sound control is a barrier that designers are forced to accommodate - but with Koroseal, sound solutions become an integrated part of your design, helping to elevate beautiful, intentionally-crafted spaces.

Offering wall, ceiling, and divider applications, our products meld artistic shapes and textures with effective sound control to enhance the acoustics in any high-noise environment.

Let our expert design team help you find the perfect acoustical solutions for your design vision.
